Gunstock Walnut Accent Trim
with Infinity Lighting

SE-SERIES

The SE-Series is a vehicle for those who want more; more space, more amenities, more comfort, more standard equipment, and more flexibility. An interior offering flexibility of seating arrangements, the flexibility of options, and the flexibility to seek your own freedom of style. The SE-Series, it's everything you could want in a first class van, and more.

Presenting a new dimension in style, the SE-Series. All the comfort, spaciousness and convenience you might expect from a first-class vehicle, and some things you might not. The feel of plush, well-appointed seating including optional rich leather and suede. The convenience of a detachable sofa bed with power slide and recliner. The comfort of optional powered lumbar and heating for driver and passenger seats as well as separate rear heating and air conditioning. Because style should also bring security, the SE-Series, like all VMI conversions, meets all applicable FMVSS safety standards. The SE-Series, it's style on a grander scale.

Imagine the Possibilities
